## Her Knowledge of Chinese.

A young woman at a watering place one summer made a reputation as a profound linguist in a rather odd manner. She called one day at a Chinese laundry where she had left a shirt waist, but it could not be found, as there was no entry in the book of hieroglyphs corresponding to her pink slip. After a half hour's search the Chinese man found the entry. A mistake had been made, so the entry was crossed out and a new set of hieroglyphs in tiny characters placed below. She was told that the waist would be laundered immediately, and she could get it the next day.

The next day the young woman called for it, accompanied by three other young women. At the seashore the excitement of a visit to the Chinese laundry is not to be despised. The Chinaman to whom the pink slip was presented was not the laundryman of the day before, and he experienced the same difficulty in finding the identifying character, finally saying, "Not in book."

The girl answered calmly, "I can find it," and the Chinaman allowed her to take the book. Turning the leaves until she came to one that had an entry crossed out with another in tiny characters under it, she handed it to the Chinaman. "There it is," and, to his surprise, he found it.

"You only lady I know spit Chinese," he said. And the other girls looked upon her with admiration.

## Use of Olive Oil.

Olive oil should be found in every nursery and on every medicine shelf. In time of crop it can be given frequently and will not disturb the digestion, as do many medicines. It is often given in place of cod liver oil and is as effective in building up the system and far less disagreeable. It is recommended by many specialists both as a food and a tonic. A certain young chemist never has a cold or requires any medicine except a spoonful of olive oil every night and morning, which he takes regularly. He seldom wears an overcoat.—New York Tribune.

## Peculiar Musical Instrument.

A peculiar musical instrument is used by the Moros. It consists of a hoop of bamboo, upon which are hung by strings a number of thin pieces of mother of pearl. When struck with a small reed, these give forth a sweet, tinkling sound, a combination of which sounds is developed into a weird, monotonous fantasy, very pleasant to the ear—for a short time.

## Their Business.

Gas Man—Hello, Tom! What are you doing these days?  
Pork Packer—I'm in the meat business. What are you doing?  
Gas Man—I go you one degree better. I'm in the meter business.—Exchange.

## Enthusiastic Photographer.

Fair One's Father—Why did you bring that kodak with you?  
Poor Lover—That I might catch your expression of astonishment when I asked you for your daughter's hand.—Fleegende Blätter.

## His Ignorance.

Teas—Oh, I like him well enough, but it's so hard to make him understand anything. Last night he asked me several times for a kiss, and I said, "No, no" each time.  
Jess—My goodness! I should think that was emphatic enough for any man.

## Misapprehension.

A small boy the other day heard the complaint of a hymn which runs thus:  
And mine troubles when he comes  
The comforter said upon his knees  
His city was all for aye  
Does strain let the saint sit  
know if it makes him

## An Ordinance to Provide for the Issue of Bonds and Payment Thereof.

Be it ordained by the Mayor and City Council of the City of Palatka, Florida.

Section 1. The Mayor is hereby directed to issue his proclamation calling an election to be held on the SEVENTH DAY OF JANUARY, A. D. 1902, to determine whether or not the issue of the Bonds proposed by this ordinance, to be issued under and by virtue of the authority conferred upon the Mayor and City Council in their corporate capacity, by the provisions of an Act of the Legislature of the State of Florida, entitled "An Act to Authorize the Municipality of Palatka to Issue Bonds and to Provide for the Payment thereof," approved May 29th, 1901, shall be at that time authorized and approved by a majority of the qualified electors of said City, who shall be Freeholders of said City.

Section 2. The Mayor and City Council of the City of Palatka, in their corporate capacity, shall issue bonds of said City in the amount of One Hundred and Seventy-five Thousand Dollars (\$175,000) in denominations of Five Hundred Dollars (\$500.00) and One Thousand Dollars (\$1,000.00), the principal of which shall be payable at the end of not less than Twenty (20) nor more than Forty (40) years from date of issue in the City Treasury in the City of Palatka, Florida, or at its Agency in the City of New York, and said bonds shall bear interest at the rate of Five percent (5%) per annum, payable semi-annually at the City Treasury in the City of Palatka, Florida, or at its Agency in the City of New York.

All the principal of said Bonds shall be paid at the expiration of Forty (40) years and said City shall have the privilege of paying any or all of the principal after Twenty (20) years; and such Bonds shall have engraved interest coupons attached thereto, payable at the end of periods of six months from date of Bond; said Bonds shall be engraved under the direction of the Board of Bond Trustees of said City, and shall be signed by the Mayor and City Clerk, and shall bear the corporate seal of the City of Palatka, and shall be sold at not less than par. And the proceeds shall be applied to the purposes for which such issues of Bonds are hereby authorized.

If the issue of One Hundred and Seventy-five Thousand Dollars (\$175,000.00) of Bonds as proposed herein and submitted to be approved by the electors be authorized, then the entire amount proposed shall be issued and delivered to the Board of Bond Trustees for sale.

Section 3. For the payment of principal and interest of Bonds issued under this ordinance and under the authority of said Act of the Legislature of the State of Florida, all of the property of said City of Palatka, both real and personal, now owned by said City or may be hereafter acquired by said City, is hereby pledged as security, and the entire taxable property in said City is also hereby pledged. The Mayor and City Council shall levy annually a special tax on the taxable property within the corporate limits of said City as may be necessary to pay the interest on said Bonds, and to provide a sinking fund for the payment of said Bonds. The special tax levied for interest and sinking fund shall be collectable only in lawful money of the United States or in past due coupons of said Bonds, and when collected shall be solely applied to the payment of interest and the forming of a sinking fund to meet the principal of said Bonds.

The Bond Trustees shall give bond for the faithful performance of their duties, in the sum of Five Thousand Dollars (\$5,000.00) each, to be approved by the City Council, to the City.

Section 4. There shall be a Board of Five (5) Bond Trustees, whose duties it shall be to receive the said Bonds as the same are engraved and accepted and to sell the same at not less than par and dispose of the proceeds as provided by ordinance. Said Board of Bond Trustees shall take charge of the public works contemplated by this ordinance and contract for such work. When the Board of Bond Trustees shall deem it advisable to make a contract for the execution of work or for the purchase of any material or matters under its charge, to an amount exceeding Five Hundred Dollars (\$500.00), a careful estimate shall be made in detail of the cost of such work or material, and the Board of Bond Trustees shall transmit it to the Mayor and City Council with its recommendation, with an estimate of the cost, and upon the passage of an ordinance by the Mayor and City Council authorizing the expenditure, it shall be the duty of said Board of Bond Trustees to advertise and let such work to and purchase such material from the lowest responsible bidder. The expenses of the Bond Trustees necessarily incurred in the discharge of their duties, as such shall be borne by the City, but they shall receive no salary or further compensation.

The first Board of Bond Trustees shall consist of A. E. Wilson, E. S. Crill, L. C. Canova, George E. Gay and W. H. Cyrus. Said Board of Bond Trustees shall elect from their number a chairman and secretary. All vacancies in said Board of Bond Trustees shall be filled by election by the City Council, upon nominations made by the Board of Bond Trustees.

Section 5. This ordinance proposes and provides for the issuance of Bonds for the several purposes and to the several amounts and classifications following, to-wit:

For the purpose of purchasing or constructing a system of water works, the issue of bonds to the amount of Sixty Thousand Dollars (\$60,000) is proposed and provided for; for the purpose of constructing and improving a system of sewerage for said City, the issue of bonds to the amount of Thirty-Five Thousand Dollars (\$35,000) is proposed and provided for.

For the purpose of paving and improving the streets of said City, the issue of bonds to the amount of Thirty Thousand Dollars (\$30,000) is proposed and provided for.

For the purpose of redeeming, paying or refunding of the bonded indebtedness of the City of Palatka, now outstanding, the amount of Fifty Thousand Dollars (\$50,000) is proposed and provided for.

Any part of the proceeds of the last named class of bonds, which may be over and above the amount necessary for the payment or refunding of the present bonded indebtedness, shall be added to the paving fund and used accordingly.

All of such bonds shall be equally binding upon said City and all of its property, but each class shall state for what fund they are issued and sold.

Every Freeholder of said City who shall otherwise be a qualified elector thereof, shall have the privilege of voting for or against the issuance of the bonds proposed and shall cast a paper ballot.

Freeholders of said City who shall be likewise qualified to vote for or against the approving of said Bonds, aggregating One Hundred and Seventy-five Thousand Dollars (\$175,000.00), may vote a paper ballot containing the words, "For the issue of Bonds," or "Against the issue of Bonds," and each such ballot shall be counted as a ballot approving or disapproving, as the case may be, the issuance of Bonds.

If a majority of the Freeholders of said City, who shall likewise be qualified electors thereof, shall cast a ballot as aforesaid, upon which shall be written or printed the words "For the issue of Bonds," then and in that event, Bonds in the amount of One Hundred and Seventy-five Thousand Dollars (\$175,000.00), for the purposes herein before provided, shall be issued; but if a majority of the Freeholders of said City, who shall likewise be qualified electors of said City, shall cast a ballot upon which shall be written or printed the words "Against the issue of Bonds," then the Bonds herein proposed shall not be issued.

Section 6. Said Bonds shall be sold by the Board of Bond Trustees, and if the use of the full amount of the Bonds authorized to be used for any of the designated purposes shall be deemed by the Board of Bond Trustees to be inadvisable, then the surplus of said Bonds in the hands of the Board of Bond Trustees shall not be sold but shall be cancelled and delivered to the City Council and destroyed, and no other further issue of Bonds for that purpose shall hereafter be made by virtue of this ordinance or the vote of the electors at said election.

Section 7. The Bonds provided for in this ordinance shall be and are hereby exempt from city taxation.

Section 8. The Mayor shall cause a publication of his proclamation calling said election, and also this ordinance, weekly at least thirty (30) days next prior to the date of said election, in a newspaper published in the City of Palatka. The Mayor shall appoint three (3) inspectors and a clerk of election to hold said election in each Ward of the city, who shall be named in his said proclamation. If any inspector or clerk of election named by the Mayor fails to attend at the proper polling place at the time for opening and balloting on date of election, those inspectors present shall fill the vacancies, and if all the inspectors be absent, then those persons present qualified to vote at said election shall fill vacancies. The polls shall be opened at 8 a. m. and closed at sundown, with an intermission of one half hour between 12 and 1 o'clock, and shall be located at or as nearly as practicable to the polling places used in the last city election. The inspectors and clerk of election in each Ward shall make out and sign duplicate returns of said election, and deliver one copy thereof to the Supervisor of Registration of said City, returns showing number of persons voting at said election and the number of votes cast respectively for and against the issue of Bonds. The City Council of said City shall prepare and furnish to the inspectors and clerks all the blanks necessary to be used in said election, and shall canvass and declare the said returns of the inspectors and clerks of election and certify to the results of said election, and their said certificates shall be recorded in the records of the proceedings of the City Council. Said election shall in all other respects be conducted as nearly as may be in compliance with the laws for holding, returning, certifying and canvassing of city elections.

The Unique Horn of the Unicorn. The horn of a unicorn was shown at Windsor castle and in 1508 was valued at over £10,000. Lewis Venturmann, a gentleman of Rome, saw with his own eyes two unicorns presented to the sultan of Mecca by a king of Ethiopia.

They were in a park of the temple of Mecca and were not much unlike a coat of 30 months of age. This was in 1503. The animal became extinct about the end of the seventeenth century.

The unicorn is represented in the ruins at Persepolis, and it was adopted by the Persians as the emblem of speed and strength. In the middle ages it was the symbol of purity. The unicorn hated the elephant, and it used to whet its horn on a stone before it struck the foe in the abdomen. No family, by the way, should be without one of these horns, the average length of which is four feet. They defend from witchcraft. Thus Torquemada had one always on his writing table. Furthermore, a drinking cup made from one will be a safeguard against poison, as will the ground powder put in drink, and indeed the wells of the palace of St. Mark could not be poisoned in the good old days of adventure because these beneficent horns had been thrown into them. Unicorn's horn was formerly used by apothecaries at \$120 an ounce.—Boston Journal.

Fat Policemen. "Have you ever noticed that nearly all policemen get fat?" asked a man who keeps his eyes open. "This would seem to disprove the theory that walking in the open air is a means of reducing superfluous weight. I have known new policemen to start on their beats weighing no more than 125 pounds. In six months they would tip the scales at 150 and in a year reach the 200 mark. It must be the slow sauntering in the open air that does it, for I have noticed that while policemen grow fat the house servants, who are confined to the stations, are invariably thin. Those who patrol the streets gain the maximum weight in about three years. The muscles then harden, and despite their apparent burden of flesh the men usually develop great activity. One of the best runners and jumpers I know is a policeman who weighs nearly 300 pounds."—Philadelphia Record.

A Bishop's Retort. At a dinner party a young man was once talking rather foolishly about Darwin and his books, and he said to the bishop of Winchester (Wilberforce), "My lord, have you read Darwin's last book on the 'Descent of Man'?" "Yes, I have," said the bishop, whereupon the young man continued: "What nonsense it is talking of our being descended from apes! Besides, I see the use of such stuff. I can't what difference it would make to my grandfather was an ape."

"No," the bishop replied: "I don't that it would. But it must be an amazing difference to your mother!"

The young man had heard of the hanging of six white men.
